TAYARA FOR INTERNATIONAL EXHIBITIONS & CONFERENCES

طيّارة للمعارض والمؤتمرات الدولية

Save This Date

16-20 MAY 2024

After more than 25 YEARS of experience in exhibitions and conferences industry, today we are more confident than ever that the future is better, and considering that we are one of the oldest companies specialized in exhibitions in the Middle East, our optimism is based on our reading of the market. And the number of companies working in building and construction. It is increasing day by day, away from the slogans of "Syria reconstruction".

And because we are being optimistic and based on the requirements of the next stage here in Syria, We are restructuring and formulating our exhibitions to match with the modern trends around the world and to match the size of the challenges, After several successful exhibitions that we held in 2021-2022-2023.

May 16-20, 2024 is a date we have chosen as the date for opening Syrian specialized exhibitions

2024 in the sectors of construction, infrastructure, energy, electricity and industrial automation, Industry, industrial mechanization, production requirements for various industries, and water..

Take your chance to be in this pioneer Business event!

Infrastructure**

Techno Build 2024

The Syrian International Exhibition for Building, Construction and Infrastructure represents the right environment to introduce yourself and display your products as one of the most important leading names in the building sector, where the positive and optimistic atmosphere will have a great impact in attracting senior project owners and engineers to meet you at Techno Build 2024

TechnoBuild 2024 Products Line

- ◆ Kitchen / Bathroom/ Sanitary Technology
- ◆ Ceiling/ Flooring/ Wall cladding
- ◆ Granite/ Marble/ Ceramic
- ◆ Wood working Machines & Wood products
- ◆ Paints/ Coating / Building Chemicals
- ◆ Interior Finishing products
- ◆ Aluminium / UPVC/ Glass
- ◆ Sandwich Panels / Prefabricated building
- ◆ Engineering & Interior design offices
- ◆ Insulation material/ Water and Moisture Isolation material
- ◆ Siding and Exterior building material
- ◆ Gardens/ landscaping /Swimming pools
- ◆ Infrastructure products/Asphalt plants
- ◆ Cement/blocks/ additive
- ◆ Steel, rebar and reinforced iron products
- ◆ Contracting and consulting services
- ◆ garden fixtures, swimming pool equipment.
- ◆ Service companies (insurance - banks - banks).
- ◆ Elevators and escalators .
- ◆ Building control systems and surveillance cameras.
- ◆ Engineering offices (study - consulting).
- ◆ Cement, block and bricks of all kinds.
- ◆ Hand tools, power tools, compressors.
- ◆ Heavy machinery - cranes and scaffolding.

SYRIAENERGY

POWER - ELECTRICITY & INDUSTRIAL AUTOMATION EXPO

Power, Electricity
Industrial Automation

Syria Energy 2024

Energy sector in Syria has increasing needs for investments, especially after the last 10 years, to set up new power generating plants and transforming stations. Syrian government supports the use of solar energy and encourages the use of alternative energy resources. Syria Energy 2024 is the optimum platform to show the latest technologies in the field of electricity and alternative energies and provide a real opportunity to view these technologies along with introduction of new solutions in the field of industrial automation and control.

Syria Energy 2024 Products Line

- Industrial Automation Solutions
- Electrical Boards & Switchers
- Programmable Logic Controllers PLC
- Electrical Fuses, Unites, Transformers & Regulators
- Generating Sets
- Energy Saving Devices
- High Voltage -Insulators-Low Voltage Equipment
- Uninterrupted Power Systems, Chargers & Batteries
- Testing and Measurement Equipment
- Clean Energy and Hi-tech Products
- Transmission Lines, Distribution Networks and Cables
- Thunderbolts Protection Equipment
- Electrical Engineering Offices and Consultants

Specialization of Water Technology

SINEX 2024

Sinex, in its renewed sessions, reflects the continuity of work for major industrialists, machine manufacturers and importers of all industrial supplies, equipment and other services related to industrial work. If you aspire to reach the largest number of dealers, Sinex is your right decision.

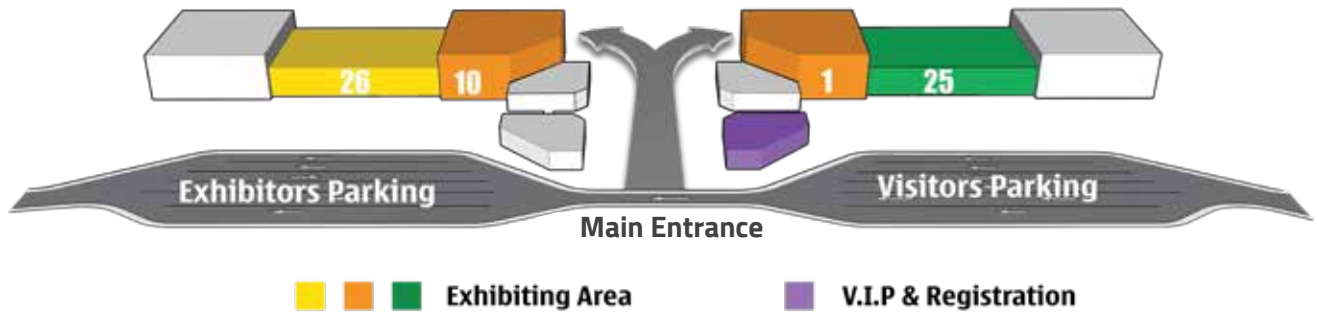

SINEX 2024 Products Line

- Compressors, Hydraulic & Pneumatic System
- Industrial Machinery
- Lathing, Drilling & CNC Machines
- Welding & Cutting Machines
- Industrial Gases & Oils
- Plastic Injection & Blowing Machines
- Moulding & Plastic Production Equipment
- Inks & Paper, Plastic Printing Equipment
- Stone & Marble Cutting Machines
- Food Processing Machines
- Filling, Packing & packaging Machines
- Wrapping, Shrink & Sealing Machines
- Printing, Coding & Labelling Machines
- Industrial Pumps, Motors and Valves
- Fire Fighting and Industrial Safety
- Hand and Power Tools

Watex 2024

Watex pavilion gathers under its umbrella the latest solutions related to water, steam and ecosystems techniques in residential, industrial and agricultural sectors.

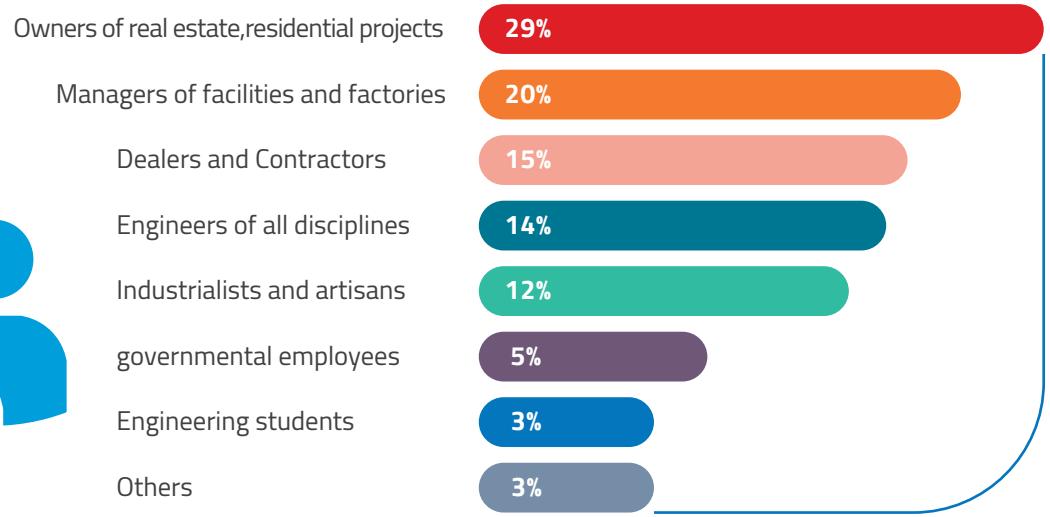

- Steam technology, valves & pipes
- Burners, Boilers & heat exchangers
- Pumps, valves & water extensions
- Water storage units & subsidiaries
- Irrigation systems, sewage pipes & subsidiaries
- Water conservation & testing & collaboration equipment
- Water meters, distribution and controlling systems
- Water storage units & subsidiaries
- Desalination stations, treatment substances & equipment
- Thermal insulation, waterproofing, drinking water tank insulation

Media Campaign:

A large-scale advertising campaign will be launched across the region to attract the largest number of interested visitors. The campaign will feature a harmonious variety of road signs, paid advertisements on social media and websites, as well as press conferences, radio and TV coverage. Invitations will also be sent via email, SMS and direct invitations to VIP, Ministers, Government representatives and decision makers.
